

Memorandum / Staff Report:

To: Public Works Board
From: Dan Erickson, PE
Date: August 2, 2023
Regarding: Engineering agreement – Lisbon Road Rehabilitation and Recreational Path

The attached resolution awards an engineering contract to raSmith for preliminary engineering, final design engineering, and construction staking services for the rehabilitation of Lisbon Road from N. 124th Street to Lilly Road and the construction of a recreational path from N. 124th Street to Hampton Road (CTH K).

Staff solicited proposals from seven engineering firms qualified to perform the design and field engineering services for this project. Three proposals were received from qualified engineering firms for this project. Proposals were reviewed and evaluated by a technical advisory group consisting of the Highway Superintendent, the City Engineer, and the Director of Public Works. After careful scrutiny of each proposal the team unanimously recommends raSmith be awarded an agreement to perform this work for their proposed fee of \$142,793.
