ARTICLE IV DUES DEDUCTION - FAIR SHARE

Section 4.01: Dues Deduction: The City agrees to deduct monthly dues from the pay of employees who individually sign voluntary check-off authorization forms supplied by the Association.

The City agrees to deduct the appropriate amount from the first paycheck each month of each employee requesting such deduction following receipt of the authorization form supplied by the Association and shall remit the total of such deductions to the Treasurer of the Association within ten (10) days of the date such deductions were made with a list of the names that the deductions have been deducted from. Any changes in the amount to be deducted shall be certified to the City by the Treasurer of the Association at least thirty (30) days prior to the effective date of such change.

Section 4.02: Fair Share:

A. Membership. Membership in the Association is not compulsory. An employee may join the Association and maintain membership therein consistent with its constitution and by-laws. No employee will be denied membership for any reason. This Section is subject to the duty of the Wisconsin Employment Relations Commission to suspend the application of this

Section wherever the Commission finds that the Association has denied an employee membership on the basis of race, color, sexual orientation, creed or sex.

The Association, as the exclusive representative of all of the employees in the bargaining unit, shall represent such employees, members and non-members, fairly and equally and, therefore, all employees shall, as set forth in this Section, pay their proportionate share of the costs of the collective bargaining process and contract administration measured by the amount of dues uniformly required of all members.

B. Deductions: The City agrees that on the first paycheck of every month it will deduct from the earnings of all employees in the collective bargaining unit covered by this Agreement who have not executed a dues deduction authorization pursuant to Section 5.01, the amount of money certified by the Association as being the monthly fair share fee uniformly required of all employees. The aggregate amount so deducted, along with an itemized list of the employees from whom such deductions were made, shall be forwarded to the Treasurer of the Association within ten (10) days of the date such deductions were made. Changes in the amount of the fair share fee to be deducted shall be certified by the Association thirty (30) days before the effective date of the change. Deductions shall be made each month, and the total of such deductions shall be paid to the Association. New employees shall be required to pay fair share on the first paycheck in the month following thirty (30) calendar days of employment.

C. Rebate: The Association shall provide employees who are not members of the Association with an internal mechanism within the Association which will allow those employees to challenge the fair share amount certified by the Association as the cost of representation and receive, where appropriate, a rebate of any monies determined to have been improperly collected by the Association. To the extent required by state or federal law, the

Association will place in an interest bearing escrow account any disputed fair share amounts until a determination has been made by an impartial umpire designated by the Wisconsin Employment Relations Commission.

Section 4.03: Hold Harmless: The City shall not be liable to the Association, employees or any party by reason of the requirements of this Article for the remittance or payment of any sum other than that constituting actual dues or fair share deductions from employees' wages earned.

The Association shall indemnify and save the City harmless against any and all claims, demands, suits, orders, judgments or other forms of liability against the City that arise out of the City's compliance with this Article.

ARTICLE V PROHIBITION OF STRIKES AND LOCKOUT

Section 5.01: The Association shall make every effort to maintain the police service and protection of the community. It shall not cause, counsel, or permit its members, individually or in concert, to strike, slow down, disrupt, impede or otherwise impair the functions of the Department.

for the activity or inactivity.

Section 5.04: If the Association disavows the prohibited activity or inactivity, the City shall not hold the Association financially responsible and the Association shall interpose no objection to the City's imposition of such penalties or sanctions as the City may assess against the participants. Such penalties may include:

- (a) Discharge
- (b) Loss of compensation, vacation benefits and holiday pay
- (c) Extra tours of duty without pay

ARTICLE VII HOURS OF WORK

Section 7.01: An employee's daily tour of duty shall consist of eight and one-half (8.5) consecutive hours, with an allowance for lunch break. For those employees assigned to a 5-2 work schedule, the standard work shift shall be 8 hours (Detectives).

The additional days off shall be as assigned by the Chief and may be but are not necessarily any of the legal holidays. Six (6) of such days shall be taken on the following recognized holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.

Section 7.04: Employees may request to exchange a shift with another employee on another shift, or may substitute another employee to work for them, who is not scheduled to work on that particular day and is of equal rank. Requests must be submitted via written request at least twenty-four (24) hours prior to report-in, and all requests must have the approval of the Chief of Police or his or her designee. The substituting employee must not be scheduled for duty as to incur liability for overtime pay. However, in cases where a split shift trade is authorized, an employee required to work beyond the shift hours exchanged will be compensated at time and one-half (1.5x) for the time worked in excess of the approved trade.

Section 7.05: Notwithstanding the above provisions, an employee may apply time earned off from his or her regular work schedule, either by way of compensatory time off, substitution, or change or use of holidays, providing, however, that such election to combine off days shall be subject to the needs and responsibilities of the department.

Section 7.06: Any assignment of an officer to the D.A.R.E. program shall not be used as a reason to deny requests for compensatory time off, holidays, or vacation day requests. Whenever the Employer authorizes a D.A.R.E. Officer or Community Services Officer assignment, it shall be posted and interested officers may apply to fill the assignment. The Chief of Police shall have the sole right to select a suitable officer to fill the assignment.

Section 7.07: Employees working an additional hour during a shift, because of the conversion from day-light savings time to standard time, shall be paid for that hour in accordance with Article 8.01(a) of the labor agreement. Employees working seven (7) hours, because of the conversion from standard-time to day-light savings time will be paid an additional hour, however, in the event said employee's shift is extended for the completion of assignments or completion of reports regarding the shift, said additional hour will be credited in the City's favor for purposes of paying overtime.

ARTICLE VIII OVERTIME

Section 8.01: Overtime shall be:

(a) All authorized time worked by an employee beyond eight and one-half (8.5) hours within any of said employee's twenty-four (24) hour duty day, as defined in VII hereof, shall be eligible for overtime pay. For Detectives, all authorized time worked by an employee beyond eight (8) hours within any of said employee's twenty-four (24) hour duty day, as defined in VIII hereof, shall be eligible for overtime pay. However, where an employee is participating in an exchange of shifts or duty days, including adjustment days for voluntary training, or when an employee has been transferred from one shift to another, the employee shall be paid at straight time. All overtime, unless offset by compensatory time, shall be compensated at the rate of time and one-half (1-1/2). Work time and overtime shall be measured in units of a quarter hour.

(b) **Overtime prior to the start of an assigned shift:** An employee shall be paid fifteen (15) minutes of overtime if the employee begins work prior to the start of the assigned shift, regardless of the number of minutes worked in that fifteen (15) minute block prior to the start of the shift.

(c) **Overtime after the assigned shift has ended:** An employee will be paid fifteen (15) minutes of overtime if the employee works more than seven and one-half (7 ½) minutes beyond the end of the assigned shift. The first seven and one-half (7 ½) minutes is considered de minimis time and will not be paid. An employee must work more than seven and one-half (7 ½) minute block of time to be eligible for an overtime payment.

Example: Work 4 minutes after shift = 0 minutes overtime
 Work 8 minutes after shift = 15 minutes overtime
 Work 23 minutes after shift = 30 minutes overtime

(d) Employees required to report for duty on a regular day off or vacation day shall be paid a minimum of two (2) hours. Court appearances, other than during regular duty hours, or if the employee is subpoenaed because of his or her police officer duties, shall receive a minimum of two (2) hours overtime. The subpoena fees related to a civil action when the employee is called because of his or her police duties shall be turned over to the City. The two (2) hour minimum shall not be applicable when there is no gap between the overtime and the regular working hours. An employee who is provided less than twelve (12) hours notice of cancellation of a court appearance to be provided one (1) hour of pay. Notification is defined as a documented attempt by the City to contact the employee at his or her home.

(e) When it is necessary to schedule overtime for short staffing needs the supervisor/designee will contact individuals on the predetermined list in order of seniority, except where qualifications and/or practical scheduling requirements make the application of seniority unreasonable. In the event no one volunteers for the overtime list, or the list is exhausted without locating an employee for overtime, the least senior patrol officer who the supervisor/designee is able to contact will be assigned the overtime.

Section 8.02: All overtime shall be paid in cash, provided, however that an employee may elect to take compensatory time off in lieu of cash payment for contractual overtime worked that is not in excess of the 171 hours limitation of the FLSA work cycle, if such compensatory time is permissible under applicable law. Compensatory time shall be subject to the following conditions:

(a) An employee desiring to use compensatory time shall give notice not more than forty-five (45) calendar days prior to the desired date, providing, however, that in case of emergency, the notice may be oral, and subsequently placed in writing. If it appears thirty (30) days prior to a particular day that there are more applicants for the day than can be granted in the opinion of the Chief or designee, no further applications shall be received and the designation or designations of whom is to be granted the day as a compensatory off day shall be on the basis of departmental seniority and consistent with Section 15.04.

(b) Compensatory time shall be in the proportion of time and one-half (1-1/2), that is, one and one-half hours of compensatory time for each hour worked.

(c) No employee shall be permitted to carry over compensatory time from one calendar year to the next; provided, however, that if the compensatory time in question is accumulated at any time within the last sixty (60) days of the calendar year, the employee shall be required, if permitted by law, to take the compensatory time in the first sixty (60) days of the succeeding year. Any compensatory time not used within the periods prescribed herein shall be discharged by payment in cash.

(d) Compensatory time off shall not be granted when the result would, in the opinion of the Chief, be inadequate staffing.

Section 8.03: The provisions contained in this Article shall not be applied in such a

manner as to pyramid overtime.

ARTICLE IX PENSION

Section 9.01: The City shall pay the employer contribution under the Retirement Program established under Chapter 40 of the Wisconsin Statutes.

ARTICLE XI HEALTH INSURANCE

Section 11.01: Employees shall pay 20% of the total monthly premium cost of the plan selected via payroll deduction, toward the premium cost of the health care program unless the employee participates in the City's Wellness program. In such a case, the employee premium share for that year shall be 10%. In the event the City does not offer a wellness program, the premium share for that year shall be 10%. Such contribution is required to be a pre-tax (Section 125) payroll deduction. If the City offers an alternative to the standard plan, it may offer it to employees at a premium share lower than the above amounts.

Section 11.02: In the event an employee has a spouse that is also a City employee, that employee and spouse shall be entitled to only one (1) family contract, one (1) one (1) plus one, or two (2) single contracts between them from the City.

Section 11.03: In the event the City provides dental insurance it will contribute 80% of the monthly premium of the plan selected. The employee will pay the difference in the cost of

the premium and the City contribution. Such contribution is required to be a pre-tax (Section 125) payroll deduction.

Section 11.04: Employees are eligible to participate in the City's existing IRS Section 125 Program, if offered.

Section 11.05: For employees with at least fifteen (15) years of service who retire on a regular pension under the Wisconsin Retirement System shall be eligible for the following:

(a) The City shall permit “normally-retired” or disabled (as defined in Sec. 40.65(4), Wis. Stats.) employees to be included in the same group and to avail themselves of identical standard and major medical coverages provided to active employees and/or their families until the existence of any of the following:

- (1) The Retiree’s death.
- (2) For the retiree’s coverage, the acceptance of the retiree into the Medicare program. For the retiree’s spouse’s coverage, the acceptance of the spouse into the Medicare program.
- (3) The acceptance of the Employee into an equivalent paid program of health and surgical insurance coverage provided by another employer, during the period of such coverage.

The coverage herein shall be paid for at the recipient’s sole expense monthly in advance to the City Treasurer.

(b) For Employees hired prior to January 1, 2013 who retire (disability pensions provided in Section (e)), the City shall provide a discount of up to \$500 per month toward the premium of one of the City’s health insurance programs, and such payment shall remain frozen at that level throughout the period of such discount, under the following conditions (if a Retiree

switches from a family to a single plan or vice versa, the City will continue to discount up to the same amount it had been previously paying);

- (1) The Employee/Retiree must have at least fifteen (15) years of continuous service with the City of Brookfield (five (5) years of continuous service in the case of a duty disability retirement).
- (2) The Employee/Retiree must be at least fifty (50) years of age (no age restriction with regard to a duty disability retirement).
- (3) Participating in the City's health insurance discount program ceases at the earliest of the following:

- (i) The Retiree is eligible for Medicare or becomes insured by another health insurance carrier, whichever occurs first.
- (ii) The Retiree's death. If the Retiree has reached the statutory normal retirement age, and dies prior to being eligible for Medicare, the remaining time that is left which the deceased Retiree would have been eligible for the benefit pursuant to Section 11.07(b) may be used by the spouse with no reduction in the amount of the payment. On the date that the deceased Retiree would no longer have been eligible for the benefits provided for in Section 11.07(b) above, the City's payment on behalf of the spouse shall cease, but the spouse may remain in the plan under the provisions of Section 11.07(c) below, if applicable.

(c) In the event the Retiree's spouse is not eligible for Medicare when the Retiree's participation in the program provided for in paragraph (b) ceases, the spouse may remain in the

City group health plan until eligible for Medicare solely at the expense of the spouse, provided that the spouse fully complies with the City's payment process and pays the full monthly premium due, or the spouse may be dropped from the City's insurance program

(d) If a Retiree who is participating in the program provided for in paragraph (b) obtains other employment in which comparable health benefits are available at a cost to the Retiree which does not exceed the Retiree's cost under this City's program, the Retiree must participate in the other plan. As an alternative to participating in the other plan, such Retiree has the option of remaining in any City plan, but only under a single contract covering the Retiree.

(e) The Retiree who is participating in the program provided for in paragraph (b) must fully comply with the City's payment process and pay the balance of the full monthly premium due, or the retiree may be dropped from the City's insurance program.

(f) In the event a Retiree who is participating in the program provided for in Section 11.07(b) decides to terminate coverage under a City sponsored health insurance program and participate in a health insurance program other than a City sponsored program, such Retiree may direct that the discount under Section 11.07(b) be transformed in to a reimbursement to offset the cost of the premium of the alternative coverage. A retiree who is married to a City employee eligible for health insurance shall be eligible to have such discount apply to the spouse's premium share for health insurance that also covers the retiree, until the retiree is eligible for Medicare. In no case shall the discount exceed the amount of premium that would otherwise be required from the employee's spouse.

Section 11.08: RETIREMENT HEALTH SAVINGS PROGRAM – Employees are required to participate in the City's retirement health savings plan. The employer contributions are as follows: (1) Sick leave contribution of 32% of the earned but unutilized sick leave in the

prior calendar year, to a maximum of 30 hours, for employees, who, as of January 1, of the prior calendar year, have attained a balance of 240 hours in the sick leave account. This attained balance will increase to 500 hours, effective December 31, 2021. This annual deposit shall be made by the City as soon as administratively practicable, but no later than April 1st of the current year. (2) The terminal leave benefit found in Article XIII (6). (3) A biweekly payroll contribution of \$115 per pay period of active service. All other terms and conditions as determined by the Plan Adoption Agreement with ICMA Vantagecare shall apply.

ARTICLE XII BEREAVEMENT PAY

Section 12.01: In the event of a death in the immediate family, a maximum of three (3) days absence from work with pay shall be allowed. The period allowed shall take into account the date of the death and funeral, the location of the funeral, and the responsibilities of the employee in respect to the funeral and the deceased. Immediate family includes a spouse, child or parent, brother, sister, father-in-law or mother-in-law of an employee or spouse.

Section 12.02: Employees shall be allowed one (1) day's absence with pay to act as a pallbearer at a funeral providing, however, that the number so absent shall not be so great as to interfere with police duties nor shall any employee be permitted to be so absent, with pay, more than twice in any calendar year.

ARTICLE XIII SICK LEAVE

Section 13.01: Employees shall be granted one (1) day of sick leave with pay for each month of employment starting with the first full month of employment. Probationary employees may be allowed to use accumulated sick leave. Upon completion of the probationary period

unused sick leave retroactive back to the original date of hire, shall be accumulated for future use up to a maximum accumulation of one thousand twenty (1,020) hours.

Section 13.02: Each employee who has a sick leave pay accumulation shall be eligible for sick leave pay for any period of absence from regular employment at regular salary, to the extent of his or her accumulation, due to illness or injury.

Section 13.03: Sick leave pay is payable upon and during the illness or disability of an employee except that arising from employment with others. It is not payable when the employee sustains an injury in the employment of others nor for non-emergency dental or medical appointments, unless it is impractical for the employee to schedule such appointments during his or her off hours. When an employee leaves work because of illness, he or she shall receive regular pay for as long as he or she worked and sick leave pay, if available, for the remainder of the regular work day. Employees who have been ill but are able to return to work during their regular work day may contact their superior to advise as to their availability, and if authorized to do so may return to work. If employees so return to work, sick pay, if available, shall be paid only for the period of absence.

Section 13.04: Employees unable to attend work because of illness or injury shall give notice to this effect whenever possible at least one-half ($\frac{1}{2}$) hour prior to the commencement of their work day.

Section 13.05: Employees absent from work because of illness or injury shall provide reasonable proof thereof, including, when the absence exceeds three (3) days, the statement of a doctor.

Section 13.06: An employee hired prior to January 1, 2013 shall be paid, upon retirement under the Wisconsin Retirement System or upon death, seventy-five percent (75%) of

his or her unused sick leave accumulation. Retirement for this purpose is defined as immediately collecting a pension benefit at age 50 or above with 15 years of service. It does not include a duty disability retirement or a deferred retirement. The maximum accumulation taken into consideration shall not exceed one thousand twenty (1,020) hours. This payment is a mandatory employer contribution to the individual Retirement Health Savings (RHS) account found in Article XI (8).

Payment shall be based upon the salary rate in effect at the time of death or retirement.

ARTICLE XIV INJURY PAY

Section 14.01: Whenever an employee is injured in the scope of his employment, he or she shall be entitled to Worker's Compensation and shall turn over the Worker's Compensation check to the City and remain on payroll to receive 70% of his or her regular salary rate from the Employer, plus the amount equal to the employee pension contribution percentage required by Wisconsin law, if applicable. The employee shall receive this compensation for a period not to exceed twelve (12) calendar months per person, per injury. After twelve (12) consecutive months under the above arrangement, the employee will be allowed to utilize vacation days, holidays, and overtime to supplement his Worker's Compensation benefits and shall designate to the Employer which days he or she desires to use.
