

**CITY OF BROOKFIELD
BEEKEEPING PERMIT APPLICATION
AND NEIGHBOR PERMISSION**

Prospective Beekeeper:

Name: _____ E-mail: _____

Address: _____ Phone number: _____

Tax key number: _____ Lot size: _____ Zoning District: _____

Requested number of hives: _____

I certify that I have knowledge of and I am familiar with §15.04.350 of the City Code regulating beekeeping in the City of Brookfield.

I certify that I have obtained the permission of abutting neighbors as indicated on the following page(s) allowing me to keep honeybees on the property above.

I certify that I understand that an abutting property owner may withdraw their permission at any time but not a subsequent property owner, and that once permission is withdrawn bees must be removed in compliance with the notice from the City Inspection Services Department per §15.04.350 of the City Code.

I certify that I understand that I must notify the Inspection Services Department in writing within 7 days that I have installed my hive(s). If I do not install the hive(s) within one year from permit issuance, I must start the application process over, including obtaining neighbor permission.

CITY OF BROOKFIELD
BEEKEEPING PERMIT APPLICATION
AND NEIGHBOR PERMISSION

Abutting Property Owners Permission: Abutting property is any property touching the prospective beekeeper's property, including those that touch at only a corner, but required only from single-family homeowners. Permission granted here may be withdrawn by a property owner by filing a written statement with the City of Brookfield Inspection Services Department, pursuant to §15.04.350 of City Code. Only one property owner signature is required for either permission or permission withdrawal per parcel regardless of the number of persons who may own the property.

A beekeeper has one year from the date a permit is issued to install any hives, otherwise the permit expires and the permit process must be started again, including permission from the neighbors.
